

# Partners in Practice: Health & Nutrition for Family Services Staff

February 2-3, 2011, Hilton Savannah DeSoto,  
Savannah, Georgia

Over the years, the roles of Family Service workers in Head Start and Early Head Start have changed significantly. In an effort to provide comprehensive services to children and families, Head Start has expanded the responsibilities of Family Services to include Health, Mental Health, Dental Health, and Nutrition. Case management has truly become a reality, with the Family Service Worker facilitating much more than traditional Social Services. Often, however, this increase in responsibility has come with little or no training.

**Partners in Practice: Health & Nutrition for Family Service Workers** is an intensive day and a half training institute that provides Family Services staff with the basic knowledge of medical, mental, dental, and nutritional health necessary to effectively support the comprehensive health services mandated for Head Start/Early Head Start children and to assist their parents in accessing ongoing health care for the entire family.

This timely institute also addresses the current health care system, Head Start re-authorization issues, documentation and record keeping, health resources, and techniques for working with families and children. *Because many health care services such as Medicaid and EPSDT are state-specific, presenters will also provide state specific information.* Participants in the event will receive a copy of the latest edition of the comprehensive resource manual, **Partners in Practice: Health and Nutrition in Family Services**.

The Standard Registration Fee is \$285 per person. Members of **T/TAS@Your Service** may qualify for the Subscriber Rate of \$270 per person. (Some restrictions may apply based on the level of your subscription; please visit [www.ttas.org/ays.html](http://www.ttas.org/ays.html) for information on how to become a subscriber.) For details on registering, including information on earning .975 Continuing Education Units (CEUs) for this event, please see page 3.

## Your Presenters

As a Health & Early Head Start Specialist **Janie Sailors**, RN, BSN, NCSN recognizes that comprehensive Head Start health services require addressing the whole child. Her extensive experiences as Health Manager, medical

professional, and trainer uniquely prepare her to tackle confusing mandates, regulations, and compelling health issues in early childhood as she works to develop and refine the medical, mental, nutritional, and oral health skills of Head Start Health Managers and their program partners.

**Jennifer Pecot**, Family & Community Partnerships Specialist, provides training and technical assistance in the areas of parent and community involvement, family partnership agreements, ERSEA, health and nutrition in family services, and fatherhood initiatives.
